EXECUTIVE PROFILE

Dr. Sirwan Wali Ali is a distinguished entrepreneur, business leader, and strategic executive who serves as the Owner and Chief Executive Officer of four established companies: Kurdish Golden Land, Blueway Logistics, Confidence, and Blueway Security, with operations primarily centered around Erbil International Airport and the Kurdistan Region of Iraq.

Since beginning his professional career in 2008 as a Manager at Blueway Logistics, Dr. Sirwan has demonstrated a consistent record of leadership, business development, and organizational growth. Through progressive roles of increasing responsibility, he advanced to executive leadership and ultimately assumed ownership of the four companies, establishing a diversified business portfolio spanning logistics, security, transportation, and passenger-related services.

As Owner and CEO, he provides overall strategic vision, corporate governance, operational oversight, and executive leadership, driving sustainable growth while maintaining high standards of professionalism, accountability, service quality, and organizational performance. His leadership combines an entrepreneurial and hands-on management approach with strategic decision-making and a strong academic foundation in education and human development.

Dr. Sirwan has extensive experience in building high-performing multidisciplinary teams, developing institutional and commercial partnerships, managing complex operations, and leading organizations within demanding and high-pressure environments. His ability to coordinate diverse stakeholders and operate effectively across multinational and cross-functional settings has contributed significantly to the development and expansion of his companies.

Fluent in Kurdish, English, and Arabic, Dr. Sirwan brings a strong combination of strategic leadership, operational expertise, business development capability, and cross-cultural communication. He is recognized for his commitment to organizational excellence, long-term partnerships, and the successful execution of complex business operations within the Kurdistan Region and beyond.
